

Poste Mine

The diagram illustrates the electrical layout of a 22KV substation, organized into two main rows of cells (A and B) and a central distribution area (C).

Row A (Top):

- Cellule départ TR2 fond:** Cellule DM1. Connected to a 2500KVA 22KV/5,5KV transformer.
- Cellule de réserve:** Cellule -QM. Connected to a 2500KVA 22KV/400V transformer.
- Cellule départ TR TGBT Jour:** Cellule DM1. Connected to a 2500KVA 22KV/400V transformer.
- Cellule départ TR1 fond:** Cellule DM1. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule départ Usine:** Cellule DM1. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule de protection Jeux de Barre:** Cellule DM1. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule de comptage:** Cellule -CM. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule Arrivée 22KV:** Cellule -IM. Connected to a 1600KVA 22KV/5.5V transformer.

Row B (Bottom):

- Cellule départ TR1 N-300:** Cellule DM1. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule Arrivée TR fond:** Cellule -IM. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule départ TR2 N-300:** Cellule DM1. Connected to a 1600KVA 22KV/5.5V transformer.
- Cellule Arrivée TR2 fond:** Cellule -IM. Connected to a 1600KVA 22KV/5.5V transformer.

Central Distribution Area (C):

- 2500KVA 22KV/5,5KV:** Transformer connected to the first cell in Row A.
- 2500KVA 22KV/400V:** Transformer connected to the second and third cells in Row A.
- 1600KVA 22KV/5.5V:** Transformer connected to the fourth, fifth, sixth, and seventh cells in Row A.
- Ligne Aérienne 22KV:** Line connecting the eighth cell in Row A to the first cell in Row B.
- Vers Usine:** Line connecting the fifth cell in Row A to the first cell in Row B.
- Vers TGBT Jour:** Line connecting the third cell in Row A to the first cell in Row B.
- Vers N-300:** Line connecting the first cell in Row B to the first cell in Row A.
- Vers N-300:** Line connecting the third cell in Row B to the first cell in Row A.
- Arrivée Aérienne 22 KV depuis poste 60 KV:** Line connecting the eighth cell in Row A to the first cell in Row B.
